Excerpt from CAAO Research/Historian Committee Publication:

“...When Peter became Assessor in Bloomfield, he immediately began to think about the state of affairs in assessment administration. The various cities and towns had similar duties, issues and challenges. Everyone gathered their own data and came up with their solutions. He believed that there had to be some way to correlate the data and to come up with uniform answers and solutions. Peter contacted four other area assessors. In February 1952, one month after starting in Bloomfield, Peter met with four other assessors, Borden Mahoney (President of CAAO in 1961) of Hartford, Henry Smalley (President of CAAO in 1954-1956) of Wethersfield, Ray Walz of Glastonbury and Paul Smith of Windsor. At this meeting they discussed Peter's ideas and they voted to meet every month and to invite every assessor in Hartford County to join the group. This February 1952 meeting was the first meeting of the group that would become known as the Hartford Area Assessors' Association. Peter had previously given our committee a photograph of that meeting. For the March 1952 meeting they had about 15 present. At that meeting they agreed that the primary purpose of the organization would be to attempt to establish uniform valuation procedures in the various towns, especially for motor vehicles and personal property. The meetings would be conducted primarily as workshops. Peter was chosen to be the Chairman. (Peter would serve as Chairman for the next 25 years.) He would prepare the agenda. There would be no officers or dues. The location of the meeting would be rotated throughout the county. The host town would provide the coffee and donuts...”
