

Tami Nomack, CCMA I

I am Tami Nomack, Director of Assessment for the Town of Manchester, and I have dedicated the past 16 years to the assessment profession. My experience includes five years with a revaluation company followed by service in both large and small municipal assessment offices. Throughout my career, I have worked in nearly every aspect of assessment administration, providing me with a broad perspective on the challenges and opportunities facing our profession.

As a write-in candidate for President-Elect, I am seeking the opportunity to give back to the profession that has shaped my career. I am committed to strengthening our assessment community by fostering collaboration, supporting professional growth, and encouraging greater involvement among members. Throughout my career, I have built relationships with assessment professionals from municipalities of all sizes and at every stage of their careers. Those connections have reinforced my belief that every member should feel welcomed, heard, and encouraged to participate in our association.

I believe CAAO is strongest when members feel connected, supported, and engaged. If we want to see positive change within our organization, we must be willing to step forward and help create it. My goal is to bring people together, elevate others, and help build a strong and vibrant future for CAAO.

Warm regards,

Tami L. Nomack

Director of Assessment
